

High growing SOPRANO

Annuals, bi-annuals and perennials.

Very vigorous mixture which strangles residual weeds.

Really spectacular over a period of several years.

Long flowering period.

This high growing mixture is very well suited to an area where it will be viewed from a distance. It has a very natural feel with different species giving a lot of contrast.

Some flowers included:

- *Milfoil yarrow*
- *Cornflower*
- *Chrysanthemum*
- *Chrysanthemum*
- *Coreopsis*
- *Cosmos*
- *Blanket flower*
- *baby's-breath white*
- *Lavatera*
- *Perennial flax blu*
- *Honesty*
- *Larkspur*

70-110 cm

Composition	Height	Sowing rate / m ²	Ease of sowing	Establishment	Length of flowering season	Ease of Mayntenance	Drought resistance
Annuals 50% Perennials 50%	70-110 cm	1 to 5 g	3	4	4	5	4

> the score is 1 to 5, with 5 corresponding to the best possible score for the criteria concerned
